### *Cross-Cultural Survey Research Methods*

Presented by:

**Akiko Kamimura, PhD, MSW, MA**

Dr. Akiko Kamimura, PhD, MSW, MA, is an Assistant Professor of Sociology and an Adjunct Assistant Professor in the Division of Public Health and in the Department of Health Promotion and Education at the University of Utah. She is also a Public Service Professor 2014-2015, Lowell Bennion Community Service Center, University of Utah. Her research interests include Health management and policy, social determinants of health, health disparities, minority and immigrant health, survey research methods, global health, intimate partner violence, women's health, community-based research. Her

research is suited within two specific areas: 1) community-based research concerning healthcare for the underserved; and 2) global health research related to violence against women. She has conducted survey global health research in Japan, India, Vietnam and China. Dr. Kamimura earned PhD in Health Services Organization and Policy from the University of Michigan School of Public Health.
